CAREER OBJECTIVE

A passionate drive for providing and optimizing client-based solutions with the aid of Web-applications development.

WORK EXPERIENCE

Junior Web Developer, Meltwater (Mest Africa) - *October - November 2020-* Accra, Ghana.

MEST is an Africa-wide technology entrepreneur training program, internal seed fund, and network of hubs offering incubation for technology startups in Africa*.*

→ During my study in the pre-MEST program, I build a weather app and a blog using React framework for front-end and Sass to style the blog. I created an API book directory using Express and Mongo dB

→ Weekly soft skill sessions.

Frontend developer Intern(KPILens) - *November - December 2020* Accra, Ghana.

Enterprise Software solutions that enable Development Organisations to automate their reporting process.

→ During the internship, I worked with other team members to bring the company web page to reality.

→ During the internship, I was also introduced to new technologies like typescript and styled-components.

PREVIOUS EXPERIENCES

→ **Violin Instructor (Part-Time), Faith Montessori School** – *January 2019   - Till date* – Accra.

→ **Stellenbosch International Chamber Music Festival (South Africa**) – *Violinist (Festival Concert Orchestra) June 2016.*

SIDE PROJECTS.

Portfolio: A portfolio built with pure HTML% and CSS3 to show my front-end skill.
